

## **Inequality, intangibles and growth**

How is inequality related to innovation and productivity? Intangibles investments are seen as a key driver of productivity growth, but do efforts to promote intangibles and innovation increase inequalities? This workshop will present GLOBALINTO project work and host a panel discussion on intangibles and inequality.

**Tuesday February 16, 2021, 14.00-16.00 CET**

Please contact [carter.bloch@ps.au.dk](mailto:carter.bloch@ps.au.dk) to register.

### **Workshop Program**

- 14:00-14:15     **Intangibles, innovation and inequality – key issues**  
Professor Carter Bloch, Aarhus University, GLOBALINTO
- 14:15-14:35     **Gender balance, intangibles and productivity**  
Carita Eklund, Postdoc, Aarhus University, GLOBALINTO
- 14:35-14:55     **Innovation-biased technological change**  
Professor Hannu Piekkola (Coordinator of GLOBALINTO), University of Vaasa
- 15:00-16:00     **Panel discussion:** What is the relation between innovation and intangibles and wage inequality? And what role should policy play in balancing the promotion of innovation and equality?

#### **Expert panel members:**

Liza Archanskaia, EU Commission DG ECFIN and postdoc KU Leuven.

Giuseppe Berlingieri, Assistant Professor in Economics at ESSEC Business School, and Economist within the Directorate for Science, Technology and Innovation at the OECD (currently on leave).

Amos Zehavi, Senior Lecturer in Political Science, University of Tel Aviv.

Wim Naudé, Professor of Economics at Cork University Business School, University College Cork.

Neil Lee, Professor of Economic Geography at London School of Economics.

GLOBALINTO has received funding from the *European Union's Horizon 2020 The mechanisms to promote smart, sustainable and inclusive growth* under grant agreement No 822259.
